

Computer time for Course Selection

This year students are again required to complete their course selection on-line. We have booked 2 labs to complete this process. This will take place from Feb 21<sup>st</sup> to March 2<sup>nd</sup>. Grade 9, 10 and 11 classes are scheduled to go to one lab for approximately half a period. In the lab, a student services teacher will walk the students through the process. Please review the schedule to see when your class is to input their courses selections.

Course Selection Input Days: Block B Classes

Guidance Staff	Tuesday FEB 21st	Wednesday FEB 22nd	Thursday FEB 23rd	Friday FEB 24th	Monday FEB 27th	Tuesday FEB 28th	Wednesday MAR 1st	Thursday MAR 2nd

\*\*\*Grade 9, 10 and 11 students who are away during their scheduled session may go online and choose courses or book an appointment if they need assistance

\*\*\*On February 21<sup>st</sup>, Grade 12 students will also have access to Powerschool to complete an option sheet. If they plan to return for a fifth year, they can select courses. If they have not selected courses by March 2<sup>nd</sup>, it will be assumed that they are not returning and guidance will put in the Not Returning code

Please encourage students to complete their course selections during this time. The more accurate our #s, the more accurate your timetable will be.
